Public Hearing To Be Held

The Camden City Board of Education will hold a Public Hearing on Monday November 16, 2009 at 6:00 p.m. at the Early Childhood Development Center (1602 Pine Street).

The agenda for the Public Hearing will be the educational plan for the new Camden High School and a discussion about small learning communities in the high school program.

The Public Hearing comes as a result of the Board of Education's desire to actively involve the community in the design of the new school, from curricular offerings to architectural design.

The Board of Education reserves the right to go into closed session at any time and official action may be taken.
