Harlem Globetrotters Visit Sumner Elementary School

On Friday March 12, 2010 from 12:30 - 2:00 p.m. the Harlem Globetrotters will visit Sumner Elementary School, 1600 S. 8th Street Camden, NJ with entertainment and an important message for students.

As part of the Globetrotters National Campaign to reach children with a “stay in school” message and a self esteem, literacy and self worth program, they use basketball and team member role models to bring their message to schools.

Sponsored by the Campbell Soup Company with national headquarters in Camden City, this is the 3rd time in recent history the Globetrotters have visited the school district, most recently last year at Yorkship Elementary School.
