5111 ELIGIBILITY OF RESIDENT/NONRESIDENT PUPILS

The Camden City Board of Education shall admit to its schools, free of charge, persons over five and under twenty years of age, pursuant to N.J.S.A. 18A:38-1, or such younger or older pupil as is otherwise entitled by law to a free public education.

Eligibility to Attend School

The Board shall admit pupils eligible to attend school free of charge that are domiciled within the district as defined in N.J.A.C. 6A:22-3.1 et seq.

The Board shall also admit any pupil that is kept in the home of a person other than the pupil's parent or guardian, where the person is domiciled in the school district and is supporting the pupil without remuneration as if the pupil were his or her own child in accordance with N.J.A.C. 6A:22-3.2 et seq. A pupil is only eligible to attend school in the district pursuant to this provision if the pupil's parent or guardian files, together with documentation to support its validity, a sworn statement that he or she is not capable of supporting or providing care for the pupil due to family or economic hardship and the pupil is not residing with the other person solely for the purpose of receiving a free public education. In addition, the person keeping the pupil must file, if so required by the district, a sworn statement that he or she: is domiciled within the district; is supporting the child without remuneration and intends to do so for a time longer than the school term; will assume all personal obligations for the pupil relative to school requirements; and provides a copy of his or her lease if a tenant, or a sworn landlord's statement if residing as a tenant without a written lease. Pursuant to N.J.S.A. 18A:38-1(c), any person who fraudulently allows a child of another person to use his or her residence and is not the primary financial supporter of that child and any person who fraudulently claims to have given up custody of his or her child to a person in another district commits a disorderly persons offense.

A pupil is eligible to attend school free of charge pursuant to N.J.S.A. 18A:38-1(b) if the pupil is kept in the home of a person domiciled in the district, other than the parent or guardian, where the parent or guardian is a member of the New Jersey National Guard or the reserve component of the United States armed forces and has been ordered into active military service in time of war or national emergency. Eligibility under this provision shall cease at the end of the current school year upon the parent or guardian's return from active military duty.

A pupil is eligible to attend school free of charge pursuant to N.J.S.A. 18A:38-1(d) if the pupil's parent or guardian temporarily resides within the district and elects to have the pupil attend school in the district of temporary residence, notwithstanding the existence of a domicile

elsewhere. Where required by the district, the parent or guardian shall demonstrate that such temporary residence is not solely for purposes of a pupil attending school within the district of temporary residence. Where one of a pupil's parents or guardians temporarily resides in the district while the other is domiciled or temporarily resides elsewhere, eligibility to attend school shall be determined in accordance with the criteria of N.J.A.C. 6A:22-3.1(a)1.i.

A pupil is eligible to attend school in the district free of charge:

1. If the pupil's parent or guardian moves to another district as the result of being homeless, subject to the provisions of N.J.A.C. 6A:17-2 - Education of Homeless Children;
2. If the pupil is placed in the home of a district resident by court order (as defined in N.J.A.C. 6A:22-3.2(e)) or by a society, agency, or institution pursuant to N.J.S.A. 18A:38-2;
3. If the pupil had previously resided in the district and if the parent or guardian is a member of the New Jersey National Guard or the United States reserves and has been ordered to active service in time of war or national emergency, resulting in the relocation of the pupil out of the district, pursuant to N.J.S.A. 18A:38-3(b). The district shall not be obligated for transportation costs; and
4. If the pupil resides on Federal property within the State pursuant to N.J.S.A. 18A:38-7.7 et seq.

The physical condition of an applicant's housing, an applicant's compliance with local housing ordinances, or terms of lease shall not affect eligibility to attend school.

A pupil's immigration/visa status and their eligibility to attend school shall be in accordance with N.J.A.C. 6A:22-3.3(b) and Regulation 5111.

Proof of Eligibility

The district shall accept forms of documentation from persons attempting to demonstrate a pupil's eligibility for enrollment in the district in accordance with N.J.A.C. 6A:22-3.4 et seq. The district shall consider the totality of information and documentation offered by an applicant, and shall not deny enrollment based on failure to provide a particular form of documentation, or a particular subset of documents, without regard to other evidence presented.

The district shall not require or request any information or document protected from disclosure by law, or pertaining to criteria that are not a legitimate basis for determining eligibility to attend school. However, these protected documents or information, or pertinent parts thereof, may be voluntarily disclosed by the person(s) seeking enrollment in the district. However, the district may not, directly or indirectly, require or request such disclosure as an actual or implied condition of enrollment.

Initial Assessment and Enrollment

Registration, initial determinations of eligibility, and enrollment will be in accordance with N.J.A.C. 6A:22-4.1 et seq. The district shall use registration forms provided by the Commissioner of Education or locally developed forms that are consistent with the forms provided by the Commissioner. A district level school administrator designated by the Superintendent will be available and clearly identified to applicants, to assist persons who are experiencing difficulties with the registration/enrollment process.

Initial determinations of eligibility shall be made upon presentation of an application for enrollment and enrollment shall take place immediately in all cases except those of clear, uncontested denials. Where an applicant has provided incomplete, unclear or questionable information, enrollment shall take place immediately, but the applicant will be placed on notice that removal will result if defects in the application are not corrected, or an appeal is not filed, in accordance with subsequent notice to be provided pursuant to N.J.A.C. 6A:22-4.2 et seq.

Where an applicant appears ineligible based on the information provided in the initial application, a preliminary written notice of ineligibility shall be provided, including an explanation of the right to appeal to the Commissioner of Education. Enrollment shall take place immediately if the applicant clearly indicates disagreement with the district's determination and intent to appeal to the Commissioner. A pupil enrolled pursuant to this provision shall be notified that he or she will be removed, without a hearing before the Board, if no appeal is filed within the twenty-one day period established by N.J.S.A. 18A:38-1.

Where enrollment is denied and no intent to appeal is indicated, applicants shall be advised that they shall comply with compulsory education laws. In this case, the parent(s) or guardian(s) shall, where the pupil is between the ages of six and sixteen, be asked to complete a written statement that the pupil will be attending school in another district, attending a nonpublic school, or receiving instruction elsewhere than at a school pursuant to N.J.S.A. 18A:38-25. In the event this written statement is not provided, the district level administrator designated by the Superintendent shall notify the school district of actual domicile or residence, or the Department

of Children and Families to report a potential instance of “neglect” pursuant to N.J.S.A. 9:6-1, with the pupil’s name, the name(s) of the parent/guardian/resident, the pupil’s address to the extent known, and shall indicate that admission to the district has been denied based on residency or domicile, and that there is no evidence of intent to arrange for the child to attend school or receive instruction elsewhere.

Enrollment or attendance in the district shall not be denied based upon absence of the certified copy of birth certificate or other proof of a pupil’s identity required within thirty days of initial enrollment pursuant to N.J.S.A. 18A:36-25.1.

Enrollment in the district shall not be denied based upon absence of pupil medical information, although actual attendance at school may be deferred as necessitated by compliance with rules regarding immunization of pupils, N.J.A.C. 8:57-4.1 et seq.

Enrollment in the district, attendance at school, or educational services where attendance in the regular education program appears inappropriate, shall not be denied based upon absence of a pupil’s prior educational record. However, the applicant shall be advised that the initial educational placement of the pupil may be subject to revision upon receipt of records or further assessment of the pupil by the district.

Notice of Ineligibility

If the district finds the applicant ineligible to attend the schools of the district pursuant to N.J.A.C. 6A:22-1.1 et seq., or the application initially submitted is found to be deficient upon subsequent review or investigation, notice shall immediately be provided to the applicant consistent with sample form(s) to be provided by the Commissioner. Notices shall be in writing, in English and in the native language of the applicant, issued by the Superintendent and directed to the address at which the applicant claims to reside. The Notice of Ineligibility shall be provided and shall include information as required in accordance with N.J.A.C. 6A:22-4.2 et seq.

Removal of Currently Enrolled Pupils

Nothing in N.J.A.C. 6A:22-4.3 et seq. and this policy shall preclude the Board from seeking to identify, through further investigation or periodic requests for current validation of previously determined eligibility status, pupils enrolled in the district who may be ineligible for continued attendance due to error in initial assessment, changed circumstances or newly discovered information.

When a pupil, enrolled and attending school in the district based on an initial determination of eligibility, is later determined to be ineligible for continued attendance, the Superintendent may apply to the Board for removal of the pupil in accordance with N.J.A.C. 6A:22-4.3(b). No pupil shall be removed from school unless the parent, guardian, adult pupil or resident keeping an "affidavit pupil" (as defined in N.J.A.C. 6A:22-1.2) as the case may be, has been informed of his or her entitlement to a hearing before the Board of Education. Once the hearing is held, or if the parent, guardian, adult pupil or resident keeping an "affidavit pupil", as the case may be, does not respond to the Superintendent's notice within the designated time frame or appear for the hearing, the Board shall make a prompt determination of the pupil's eligibility or ineligibility and shall immediately provide notice thereof in accordance with the requirements of N.J.A.C. 6A:22-4.2 et seq. The hearings required pursuant to N.J.A.C. 6A:22-4.3 et seq. may be conducted by the full Board or a Board Committee, at the discretion of the full Board. If the hearing(s) is conducted by a Board Committee, the Committee shall make a recommendation to the full Board for action. No pupil may be removed except by vote of the Board taken at a meeting duly convened and conducted pursuant to N.J.S.A. 10:4-6 et seq., the Open Public Meetings Act.

Appeal to the Commissioner

The district's determination that a pupil is ineligible to attend the schools of the district may be appealed to the Commissioner by the parent, guardian, adult pupil or resident keeping an "affidavit pupil", as the case may be. Such appeals shall proceed in accordance with N.J.S.A. 18A:38-1 and N.J.A.C. 6A:3-8.1 et seq. and shall proceed as a contested case pursuant to N.J.A.C. 6A:3. Pursuant to N.J.S.A. 18A:38-1(b)1, appeals of "affidavit pupil" eligibility determinations must be filed by the resident keeping the pupil.

Assessment and Calculation of Tuition

If no appeal to the Commissioner is filed following notice of a determination of ineligibility, the Board may assess tuition for any period of a pupil's ineligible attendance, including the twenty-one day period provided by N.J.S.A. 18A:38-1 for appeal to the Commissioner. Tuition will be assessed and calculated in accordance with N.J.A.C. 6A:22-6.3 et seq. The district may petition the Commissioner for an order assessing tuition, enforceable in accordance with N.J.S.A. 2A:58-10, through recording, upon request of the Board pursuant to N.J.A.C. 6A:3-12, on the judgment docket of the Superior Court, Law Division.

Tuition Income

The schools shall admit no pupils whose parent(s) or legal guardian(s) do not reside within the district except (1) as otherwise required by law, (2) as arranged by interdistrict agreement, or (3) as admission is approved in special cases by the Board.

Tuition shall be computed as provided by law.

Children whose parent(s) or legal guardian(s) move from the district after March 1 may continue in the Camden City school in which they are enrolled for the remainder of the school year without payment of tuition, provided the child's attendance does not decline. Should the child's attendance become irregular, the Principal shall have authority to require that the child withdraw from the school.

The Superintendent shall develop a procedure to follow up and verify the residence or guardianship in the City of Camden. If a pupil is found in violation, the parent(s) or legal guardian(s) will be charged the appropriate tuition.

Nonresident Pupils

The admission of a nonresident child to school free of charge must be approved by the Board. No child otherwise eligible shall be denied admission on the basis of the child's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability.

Future Residents

A child otherwise eligible for attendance whose parent(s) or legal guardian(s) has signed a contract to buy, build or rent a residence in this district shall be enrolled for a period not to exceed thirty-days previous to the anticipated date of residency without tuition charges. If the child has not become a resident of the district by the end of the period of free attendance, tuition shall be required for the remainder of the time until residency is established.

Parent(s) or legal guardian(s) of children who are future residents shall be required to demonstrate proof of the anticipated residency. The Board reserves the right to verify such claims, and to remove from school a nonresident pupil whose claim cannot be verified.

Former Residents

Regularly enrolled children whose parent(s) or legal guardian(s) have moved out of the school district during the final marking period shall be permitted to finish the school year without payment of tuition. Regularly enrolled children whose parent(s) or legal guardian(s) move from the district at any other time during the school year may remain enrolled for the remainder of the school year on payment of tuition prorated.

Children of Nonresident Staff Members

Children of nonresident employees of the Board may be enrolled in the schools of this district on payment of tuition and in accordance with policy for other nonresident pupils.

Other Nonresident Children

Other nonresident children, otherwise eligible for attendance, may be admitted to school in this district with payment of tuition if their admission is warranted by the inaccessibility of school in their home district, the singular availability of an appropriate educational program in this district, the avoidance of transfer and readmission of a child whose legal custody is shared by a parent(s) or guardian(s) residing in this district, or other good cause.

5114 CHILDREN DISPLACED BY DOMESTIC VIOLENCE

The Board of Education will cooperate with the County Office of Education, as appropriate and feasible, in the education of children temporarily displaced by domestic violence. Any pupil attending the schools of this district, whether regularly enrolled in this or another district, who has been admitted to a shelter for victims of domestic violence will be permitted and encouraged to continue an appropriate educational program with minimal disruption.

The Board will cooperate with other educational institutions in the sharing of pertinent pupil records and in the establishment of sending-receiving relationships on behalf of displaced children. The confidentiality of all matters concerning displaced children will be strictly observed, and no information regarding the present residence of the child will be released.

N.J.S.A. 18A:38-1 et seq.

Adopted: 30 March 2015

5116 EDUCATION OF HOMELESS CHILDREN

The Board of Education will admit and enroll homeless children in accordance with State laws and New Jersey Administrative Code. The Board of Education adopts this policy to be in compliance with law and Code to ensure the enrollment of homeless children in school and to respond to appeals made by parent(s) or legal guardian(s) or other parties related to their enrollment.

The district will determine a child is homeless when he or she resides in a publicly or privately operated shelter designed to provide temporary living accommodations, including: hotels or motels; congregate shelters, including domestic violence and runaway shelters; transitional housing; and homes for adolescent mothers. A child is also determined homeless when he or she resides in a public or private place not designated for or ordinarily used as a regular sleeping accommodation, including: cars or other vehicles excluding mobile homes; tents or other temporary shelters; temporary shelters provided to migrant workers and their children on farm sites; and the residence of relatives or friends with whom the homeless child is temporarily residing out of necessity because the family lacks a regular or permanent residence of its own.

The district of residence for a homeless child is responsible for the education of the child and will assume all responsibilities as required in N.J.A.C. 6A:17-2.4 et seq. The district of residence is the district in which the parent(s) or legal guardian(s) last resided prior to becoming homeless. The district liaison for the education of homeless children is the Supervisor of Human Services. The liaison will facilitate communication and cooperation between the district of residence and the district where the homeless child is temporarily residing and will develop procedures to ensure that a homeless child temporarily residing in the district is enrolled and attending school pursuant to N.J.A.C. 6A:17-2.6.

When a homeless child is living temporarily in the school district, the district liaison, upon receiving notification from the parent(s) or legal guardian(s), the Department of Human Services, a shelter director, an involved agency, or a case manager, will notify the liaison of the district of residence within twenty-four hours of the notification. Upon notification of the need for enrollment of a homeless child, the liaison in the district of residence will coordinate enrollment procedures immediately based upon the best interest of the child pursuant to N.J.A.C. 6A:17-2.6(b).

The Superintendent or designee of the district of residence shall decide the district of enrollment of the homeless child in accordance with N.J.A.C. 17-2.6 et seq.

Unless parental rights have been terminated by a court of competent jurisdiction, the parent(s) or legal guardian(s) retains all rights under N.J.A.C. 6A:17-2.1 et seq.

If a dispute occurs regarding the determination of homelessness, the Superintendent of the involved district(s) or the parent(s) or legal guardian(s) of the child must immediately notify the County Superintendent of Schools, who will decide the status of the child within two working days. If a dispute remains between the parent(s) or legal guardian(s) and/or the districts following the County Superintendent's determination, the parent(s) or legal guardian(s) or the involved Board(s) of Education may appeal to the Commissioner of Education for determination pursuant to N.J.A.C. 6A:3 et seq.

If the district is designated as the district of residence and disputes such designation, or where no designation can be agreed upon by districts, the Superintendents of the involved districts shall immediately notify the County Superintendent of Schools who will make a determination within two working days. The district may appeal the County Superintendent's determination to the Department of Education pursuant to N.J.A.C. 6A:23-5.2(d), (e), and (f).

If a dispute occurs regarding the determination of the district of enrollment made by the district of residence, the Superintendent of the district of residence shall immediately notify the County Superintendent of Schools. The County Superintendent will determine within two working days where the child shall be enrolled based on the child's best interest pursuant to N.J.A.C. 6A:17-2.6(b). If the County Superintendent's decision is disputed, the Department of Education shall provide for mediation in accordance with N.J.A.C. 6A:17-2.8(c)1.

A dispute or appeal will not delay the homeless child's immediate entrance into school. The homeless child will be enrolled in the district designated by the County Superintendent pending resolution of the dispute or appeal. Disputes and appeals involving the services provided to a homeless child with educational disabilities will be made pursuant to N.J.A.C. 6A:14.

Financial responsibility, including the payment of tuition for the homeless child, will be in accordance with N.J.A.C. 6A:17-2.9 et seq. The district of residence shall list the child on its annual Application for State School Aid (ASSA) pursuant to N.J.S.A. 18A:7F-33 for as long as the parent(s) or legal guardian(s) remains homeless and the child is enrolled in another school district. If a district of residence cannot be determined for a homeless child or if a district of residence is outside of the State, the State will assume fiscal responsibility for the tuition of the child pursuant to N.J.S.A. 18A:7B-12(d). The State will pay the tuition, in accordance with N.J.A.C. 6A:17-2.9(c)1., to the school district in which the child is currently enrolled for as long as the child and his or her parent(s) or legal guardian(s) remain homeless.

N.J.A.C. 6A:17-2.1 et seq.

Adopted: 30 March 2015

5120 ASSIGNMENT OF PUPILS

The Board of Education directs the assignment of pupils to the schools, programs, and classes of this district consistent with the best interests of pupils and the best uses of the resources of this district.

Pupils shall generally attend the school located in the attendance area of their residence. The Superintendent may assign a pupil to a school other than that designated by the attendance area when such an exception is justified by circumstances and/or is in the best interests of the pupil. Every effort will be made to continue a pupil in the same elementary school once the pupil has been enrolled in that elementary school.

The Superintendent shall assign incoming transfer pupils to the school in their attendance area of their residence provided the district's school or class size requirements can accommodate the pupil's enrollment. The Principal may assign pupils in his/her school to grades, classes, and groups on the basis of the needs of the pupil as well as the sound administration of the school.

In accordance with the provisions of N.J.S.A. 18A:36-38.a.(1), a parent of twins or higher order multiples enrolled in the same Kindergarten through eighth grade level at the same public school may request, in writing, the children be placed in the same classroom or in separate classrooms. The Principal shall make the classroom placement requested in accordance with the provisions of N.J.S.A. 18A:36-38.a.(1).

In accordance with the provisions of N.J.S.A. 18A:36-38a.(2), a parent of twins or higher order multiples enrolled in the same ninth through twelfth grade level at the same public school may request, in writing, the children be placed in the same classroom or in separate classrooms. The placement of such children shall be made at the discretion of the Principal in the best interest of the school and its pupils. The parent may appeal the Principal's classroom placement decision to the Board of Education, which shall make a final determination on the placement.

The written request must be submitted to the Principal no later than fourteen days after the first day of each school year. Parents of twins or higher order multiples enrolling after the school year commences shall request the classroom placement in writing no later than fourteen days after the first day of attendance.

In accordance with the provisions of N.J.S.A. 18A:36-38.(2)(b), a Principal may, after consultation with the pupils' parent and teachers at the end of the initial grading period, request the Board make a different classroom placement determination for the twins or higher order multiples if the initial classroom placement is determined to be disruptive to any of the pupils in the class or classes, or if the Principal concludes the initial placement does not sufficiently support the pupils' academic or social development. Upon receiving such request, the Board shall make a final classroom placement determination.

“Higher order multiples” means triplets, quadruplets, quintuplets, or larger group siblings born at one birth. Provisions of N.J.S.A. 18A:36-38 do not apply to a school district which maintains only a single classroom for the grade level in which twins or higher order multiples are enrolled. The parent shall be responsible for any additional pupil transportation costs that are incurred by the district as a result of providing the requested classroom placement, unless the district is in agreement with the placement. In the event one of the twins or higher order multiples receives special education services, the requested placement shall not be accommodated if the placement is inconsistent with a pupil's Individualized Education Plan.

N.J.S.A. 18A:36-38

Adopted: 30 March 2015

5130 WITHDRAWAL FROM SCHOOL

The Board of Education believes that the educational goals of this district are best implemented by a pupil's exposure to the entire educational program and that every pupil enrolled in this district should be encouraged to complete the program of instruction appropriate to his/her needs. No pupil below the age of sixteen will be permitted to withdraw from school.

The Board directs that efforts be made to determine the underlying reason for a pupil's decision to withdraw from school before the completion of the instructional program. A potential dropout pupil will be offered counseling and an opportunity to plan an instructional program appropriate to his/her career goals. No pupil under the age of eighteen will be permitted to withdraw without the written consent of the pupil's parent(s) or legal guardian(s).

Counseling services and information regarding high school equivalency programs will be made available to any pupil sixteen years of age or older who decides to withdraw from school before completion of the requirements for a diploma. A pupil who has withdrawn from school may apply for readmission at any time prior to his/her twentieth birthday.

Adopted: 30 March 2015

5200 ATTENDANCE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of this Policy and Regulation 5200, a student's absence from school will be excused or unexcused that counts toward truancy.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. A student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district's response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of this Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

5230 LATE ARRIVAL AND EARLY DISMISSAL

The Board of Education requires that pupils be in attendance for the full school day in order to benefit from the instructional program. That requirement will be waived only when compelling circumstances require that a pupil be late to school or dismissed from school before the end of the school day.

The Principal may excuse for cause the late arrival and early dismissal of a pupil on the prior written request of the pupil's parent(s) or legal guardian(s). Good cause may include, but need not be limited to, medical and dental appointments that cannot be scheduled outside the school day, medical disability, a motor vehicle driver's test, interviews for college entrance or employment, and court appearances.

No pupil under the age of sixteen will be permitted to leave the school before the end of the school day except in the presence of the pupil's parent(s) or legal guardian(s), or an agent of the parent(s) or legal guardian(s) who has written authorization, or in the custody of agents of the State acting in their legal capacity. If a student is suspended, he/she may not leave school grounds during the school day without being accompanied by a parent/legal guardian or law enforcement.

A pupil who suffers an incapacitating medical disability will be released from school only in the presence of an adult.

Adopted: 30 March 2015

5240 TARDINESS

The Board of Education believes that promptness is an important element of school attendance. Pupils who are late to school or to class miss essential portions of the instructional program and create disruptions in the academic process for themselves and other pupils.

Tardiness to school or class that is caused by a pupil's illness, an emergency in the pupil's family, the observance of a religious holiday, a death in the pupil's family, or by the pupil's compliance with a request or directive of an administrator will be considered justified and is excused. All other incidents of tardiness will be considered unexcused.

A pupil who develops a pattern of tardiness, excused or unexcused, will be offered counseling with an appropriate staff member to determine the cause of the tardiness.

Adopted: 30 March 2015

5250 EXCUSAL FROM CLASS OR PROGRAM

The Board of Education directs that a pupil be excused from any part of the instructions in health education, family life education, sex education, or instruction that includes dissection of animals that the parent(s) or legal guardian(s) of the pupil or the adult pupil finds morally, conscientiously, or religiously offensive. A request for excusal must be presented in a signed statement and submitted to the Principal.

An excused pupil shall be assigned to an alternate program of independent study on a substitute topic within the health education, family life education, or sex education program. The parent's or legal guardian's right of excusal applies to any alternate program as well.

No excused pupil will be penalized by loss of credit as a result of his/her excusal, but a pupil will be held accountable for successful completion of any alternate program assigned.

A team coach, licensed athletic trainer, or other designated staff member if there is no coach or licensed athletic trainer, who is present during athletic events or team practices, shall be trained in cardio-pulmonary resuscitation and the use of the AED in accordance with the provisions of N.J.S.A. 2A:62A-25.a. The school district shall be deemed to be in compliance with N.J.S.A. 2A:62A-25.a, if a State-certified emergency services provider or other certified first responder is on site at the event or practice.

Each AED in the school district shall be tested and maintained according to the manufacturer's operational guidelines. Notification shall be provided to the appropriate first aid, ambulance, rescue squad, or other appropriate emergency medical services provider regarding the AED, the type acquired, and its location in accordance with N.J.S.A. 2A:62A-25.b and c.

The school district and its employees shall be immune from civil liability in the acquisition and use of AEDs pursuant to the provisions of N.J.S.A. 2A:62A-27.

In accordance with the provisions of N.J.S.A. 18A:40-41.b, the Superintendent of Schools or designee shall establish and implement an Emergency Action Plan applicable to each school in the school district for responding to a sudden cardiac event including, but not limited to, an event in which the use of an AED may be necessary. The Emergency Action Plan shall be consistent with the provisions of N.J.S.A. 18A:40-41.a and, at a minimum, shall include a list of recommended school employees, team coaches, or licensed athletic trainers who hold current certifications from the American Red Cross, American Heart Association, or other training programs recognized by the Department of Health and Senior Services in cardio-pulmonary resuscitation and in the use of an AED. This list shall be updated, if necessary, at least once in

each semester of the school year. The Emergency Action Plan shall also include detailed procedures on responding to a sudden cardiac event including, but not limited to, the identification of the persons in the school who will be responsible for responding to the person experiencing the sudden cardiac event; calling 911; starting cardio-pulmonary resuscitation; retrieving and using the AED; and assisting emergency responders in getting to the individual experiencing the sudden cardiac event.

5320 IMMUNIZATION

In order to safeguard the school community from the spread of certain communicable diseases and in recognition that prevention is a means of combating the spread of disease, the Board of Education requires the immunization of pupils against certain diseases in accordance with State statute and rules of the New Jersey State Department of Health and Senior Services.

A pupil shall not knowingly be admitted or retained in school if the parent(s) or legal guardian(s) has not submitted acceptable evidence of the child's immunization, according to schedules specified in N.J.A.C. 8:57-4 – Immunization of Pupils in School.

Medical or religious exemptions to immunizations shall be in accordance with the requirements as outlined in N.J.A.C. 8:57-4.3 and 4.4. A child may be admitted to school on a provisional basis in accordance with the requirements as outlined in N.J.A.C. 8:57-4.5.

No immunization program, other than that expressly required by the rules of the New Jersey State Department of Health and Senior Services or by order of the New Jersey State Commissioner of Health and Senior Services, may be conducted in district schools without the express approval of the Board.

5330 ADMINISTRATION OF MEDICATION

The Board of Education disclaims any and all responsibility for the diagnosis and treatment of the illness of any pupil. However, in order for many pupils with chronic health conditions and disabilities to remain in school, medication may have to be administered during school hours. Parents and legal guardians are encouraged to administer medications to children at home whenever possible as medication should be administered in school only when necessary for the health and safety of pupils. The Board will permit the administration of medication in school in accordance with applicable law.

Medication will only be administered to pupils in school by the school physician, a certified or noncertified school nurse, a substitute school nurse employed by the district, the pupil's parent(s) or legal guardian(s), a pupil who is approved to self-administer in accordance with N.J.S.A. 18A:40-12.3 and 12.4, and school employees who have been trained and designated by the certified school nurse to administer epinephrine in an emergency pursuant to N.J.S.A. 18A:40-12.5 and 12.6.

Self-administration of medication by a pupil for asthma or other potentially life-threatening illness or a life threatening allergic reaction is permitted in accordance with the provisions of N.J.S.A. 18A:40-12.3.

Parents must provide medication in original prescription packaging with label yearly. Medication no longer required must be promptly removed by the parent(s) or legal guardian(s). On July 1st all remaining medications will be discarded.

The school nurse shall have the primary responsibility for the administration of epinephrine. However, the certified school nurse may designate, in consultation with the Board or the Superintendent, additional employees of the district who volunteer to be trained in the administration of epinephrine via a pre-filled auto-injector mechanism using standardized training protocols established by the Department of Education in consultation with the Department of Health and Senior Services when the school nurse is not physically present at the scene.

The school nurse or designee shall be promptly available on site at the school and at school-sponsored functions in the event of an allergic reaction. In addition, the parent(s) or legal guardian(s) must be informed that the school district, its employees and agents shall have no liability as a result of any injury arising from the administration of epinephrine to the pupil.

The parent(s) or legal guardian(s) of the pupil must sign a statement acknowledging their understanding the district shall have no liability as a result of any injury arising from the administration of the epinephrine via a pre-filled auto-injector mechanism to the pupil and the parent(s) or legal guardian(s) shall indemnify and hold harmless the district and its employees or agents against any claims arising out of the administration of the epinephrine via a pre-filled auto-injector mechanism to the pupil.

The permission for the emergency administration of epinephrine via a pre-filled auto-injector mechanism containing epinephrine to pupils for anaphylaxis is effective for the school year it is granted and must be renewed for each subsequent school year.

Each school in the district shall have and maintain for the use of pupils at least one nebulizer in the office of the school nurse or a similar accessible location. Each certified school nurse or other persons authorized to administer asthma medication will receive training in airway management and in the use of nebulizers and inhalers consistent with State Department of Education regulations. Every pupil that is authorized to use self-administered asthma medication pursuant to N.J.S.A. 18A:40-12.3 or a nebulizer must have an asthma treatment plan prepared by the pupil's physician which shall identify, at a minimum, asthma triggers, the treatment plan and other such elements as required by the State Board of Education.

All pupil medications shall be appropriately maintained and secured by the school nurse, except those medications to be self-administered by pupils. In those instances the medication may be retained by the pupil with the prior knowledge of the school nurse. The school nurse may provide the Principal and other teaching staff members concerned with the pupil's educational progress with such information about the medication and its administration as may be in the pupil's best educational interests. The school nurse may report to the school physician any pupil who appears to be affected adversely by the administration of medication and may recommend to the Principal the pupil's exclusion pursuant to law.

The school nurse shall document each instance of the administration of medication to a pupil. Pupils self-administering medication shall report each incident to a teacher, coach or other individual designated by the school nurse who is supervising the pupil during the school activity when the pupil self-administers. These designated individuals shall report such incidents to the school nurse within twenty-four hours of the self-administration of medication. The school nurse shall preserve records and documentation regarding the self-administration of medication in the pupil's health file.

School nurses are not provided with over-the-counter medications, such as aspirin, Tylenol, Pepto Bismol, etc. It is suggested that these items are personal in nature and should be provided by staff members requiring their use.

5331 MANAGEMENT OF LIFE-THREATENING ALLERGIES IN SCHOOLS

The Board of Education recognizes pupils may have allergies to certain foods and other substances and may be at risk for anaphylaxis. Anaphylaxis is a sudden, severe, serious, systemic allergic reaction that can involve various areas of the body (such as the skin, respiratory tract, gastrointestinal tract, and cardiovascular system). Anaphylaxis is a serious allergic reaction that may be rapid in onset and may cause death. Policy 5331 has been developed in accordance with the Guidelines for the Management of Life-Threatening Food Allergies in Schools developed by the New Jersey Department of Education.

An Individualized Healthcare Plan (IHP) and an Individualized Emergency Healthcare Plan (IEHP) will be developed for each pupil at risk for a life-threatening allergic reaction. Self-administration of medication, the placement and the accessibility of epinephrine, and the recruitment and training of designees who volunteer to administer epinephrine during school and at school-sponsored functions when the school nurse or designee is not available shall be in accordance with N.J.S.A. 18A:40-12 and Board Policy and Regulation 5330. School staff will be appropriately trained by the school nurse or designee to understand the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur.

The school district will develop and implement appropriate strategies and prevention measures for the reduction of risk of exposure to food allergens throughout the school day, during before- and after-school programs, at all school-sponsored activities, in the cafeteria, or wherever food is present.

A description of the roles and responsibilities of parent(s) or legal guardian(s), staff, and pupils to prevent allergic reactions and during allergic reactions are outlined in Regulation 5331.

Every incident involving a life-threatening allergic reaction and/or whenever epinephrine is administered throughout the school day, during before- and after-school programs, and/or at all school-sponsored activities shall be reported to the school nurse or designee. The school nurse or designee shall be responsible to notify emergency responders, the Principal or designee, the school physician, and the Superintendent of Schools. The Superintendent shall inform the Board of Education after every incident including a life-threatening allergic reaction or whenever epinephrine is administered by the school nurse or designee. In addition, in accordance with the provisions of N.J.S.A. 18A:40-12.5.e.(3), the school nurse or designee shall arrange for the transportation of a pupil to the hospital emergency room by emergency services personnel after the administration of epinephrine, even if the pupil's symptoms appear to have resolved.

There will be occasions where food and/or beverages will be served as part of a classroom experience, field trip, and/or celebration. Because the ingredients of these food and beverage products may be unknown to the food preparation person and/or server, a pupil with anaphylaxis to food should not consume any food products that he/she is unsure of the ingredients. The teacher will provide, whenever possible, advance notice of the classroom experience, field trip, or celebration in order for the pupil to bring a food or beverage product from their home so they may participate in the activity.

When a parent(s) or legal guardian(s) informs the Principal and the school nurse the pupil may have an anaphylactic reaction to a substance other than food, the Principal will work with school staff to determine if these substances are on school grounds. The Principal will inform and work with the parent(s) or legal guardian(s) and the pupil to avoid the pupil's exposure to these substances if present on school grounds.

School staff will be appropriately trained by the school nurse or designee to understand the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur. The school nurse or designee will provide appropriate training to school staff to understand allergies to food and other substances, to recognize symptoms of an allergic reaction, and to know the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur. The school nurse will work with appropriate school staff to eliminate or substitute the use of allergens in the allergic pupil's meals, educational/instructional tools and materials, arts and crafts projects, or incentives.

Policy and Regulation 5331 should be annually reviewed, evaluated, and updated where needed. Policy and Regulation 5331 will be disseminated and communicated to all parent(s) or legal guardian(s) of pupils in the school in the beginning of each school year and when a pupil enters the school after the beginning of the school year.

5332 DO NOT RESUSCITATE ORDERS

Federal and State legislation entitles every pupil to a free, appropriate public education in the least restrictive environment. Due to the high risk of medically fragile pupils and pupils with chronic illnesses, who in the past would not have survived to be able to attend school, families, professionals, and school personnel are challenged with new issues in caring for these pupils in the school setting. Some families may wish not to pursue life-saving medical protocols for their child due to the lack of benefit to the pupil's condition or quality of life that is likely to result from following these protocols. In accordance with N.J.A.C. 6A:16-2.1(a)3, all Do Not Resuscitate (DNR) orders received for a pupil will be thoroughly and carefully reviewed.

“Do Not Resuscitate order” or “DNR order” means a written directive signed by the parent or legal guardian of a pupil who, after consultation with the pupil's pediatrician and other advisors, declines emergency administration of cardiopulmonary resuscitation (CPR) and automatic external defibrillator (AED) to the pupil. “Written order” means a directive and protocol written by the pupil's medical home to address a healthcare need or provide a medical service for a specific pupil. “Medical home” means a health care provider and that provider's practice site chosen by the pupil's parent or legal guardian for the provision of health care.

A family desiring to pursue a DNR order must submit a written order, which should be developed after a meeting with the parent(s) or legal guardian(s), the pupil, if appropriate, the school physician, the school nurse, the pupil's family healthcare provider, and the local emergency medical services provider. The written order shall include specific written emergency orders and shall specifically meet the goals for the pupil. Community emergency medical services protocols must be clearly defined in the written order.

The school nurse is responsible for providing an appropriate response to DNR orders. The school nurse will coordinate the school district's review of the written order with the Principal or designee, the school physician, and the Superintendent of Schools or designee. The Superintendent of Schools or designee will review the written order with the Board of Education and the school Board Attorney. The school physician shall be responsible for instructing school staff in DNR orders.

The existence of a DNR written order and plan shall be referenced on the pupil's health form that is approved for use by the Commissioner of Education. A copy of the DNR written order shall be placed with the pupil's individualized health record and a copy should be kept with the local emergency medical services provider. The DNR written order shall be reviewed whenever a change occurs in the pupil's condition and at least once every six months.

5335 TREATMENT OF ASTHMA

The Board of Education recognizes the primary goal for children with asthma is to allow the child to live as normal a life as possible. The child should be able to participate in normal childhood activities, experience exercise tolerance similar to peers, and attend school to grow intellectually and develop socially. In accordance with N.J.A.C. 6A:16-2.1(a)5, the Board adopts this Policy that includes procedures for the treatment of asthma in the school setting.

Every school in the district shall have and maintain for the use of pupils at least one nebulizer in the office of the school nurse or a similar location. Each school nurse in the district shall receive training in airway management and in the use of nebulizers and inhalers consistent with nationally recognized standards including, but not limited to, those of the National Institutes of Health and the American Academy of Allergy, Asthma and Immunology pursuant to N.J.S.A. 18A:40-12.8(a). The school nurse, upon receiving this training, is authorized to administer asthma medication through the use of a nebulizer pursuant to N.J.S.A. 18A:40-12.8(a).

Each pupil authorized to use self-administered asthma medication pursuant to N.J.S.A. 18A:40-12.3 and Policy 5330 or a nebulizer shall have an Asthma Action Plan (AAP) prepared by the pupil's medical home and submitted to the certified school nurse. The AAP shall identify, at a minimum, asthma triggers and information to be included in the individualized healthcare plan and individualized emergency healthcare plan, pursuant to N.J.A.C. 6A:16-2.3(b) for meeting the medical needs of the pupil while attending school or a school-sponsored function.

5338 DIABETES MANAGEMENT

Diabetes is a serious chronic disease and must be managed twenty-four hours a day in order to avoid the potentially life-threatening short-term consequences of blood sugar levels that are either too high or too low and the serious long-term complications of high blood sugar levels. In order to manage their diabetes, pupils must have access to the means to balance food, medications, and physical activity level while at school and at school-related activities.

The parent or legal guardian of a pupil with diabetes who seeks diabetes care for the pupil while at school shall inform the school nurse who shall develop an individualized health care plan and an individualized emergency health care plan for the pupil. The individualized health care plan and individualized emergency health care plan shall be updated by the school nurse prior to the beginning of each school year and as necessary in the event there is a change in the health status of the pupil.

The school nurse assigned to a particular school shall coordinate the provision of diabetes care at that school and ensure that appropriate staff members are trained in the care of pupils with diabetes, including staff members working with school-sponsored programs outside of the regular school day, as provided in the individualized health care plan and the individualized emergency health care plan. The school nurse shall have the primary responsibility for the emergency administration of glucagon to a pupil with diabetes who is experiencing severe hypoglycemia.

The school nurse shall designate, in consultation with the Superintendent of Schools or designee, additional employees of the school district who volunteer to administer glucagon to a pupil with diabetes who is experiencing severe hypoglycemia. The designated employees shall only be authorized to administer glucagon, following training by the school nurse or other qualified health care professional, when a school nurse is not physically present at the scene.

Upon the written request of the parent or legal guardian and as provided in a pupil's individualized health care plan, the pupil will be permitted to manage and care for his/her diabetes as needed in the classroom, in any area of the school or school grounds, or at any school-related activity provided the pupil has been evaluated and determined to be capable of doing so as reflected in the pupil's individualized health care plan.

The Principal or school nurse shall, for each pupil with diabetes whom a school bus driver transports, provide the driver with a notice of the pupil's condition, how to treat hypoglycemia, who to contact in an emergency, and parent(s) or legal guardian(s) contact information. Designated areas of the school building shall have posted, in plain view, a reference sheet identifying signs and symptoms of hypoglycemia in pupils with diabetes.

A pupil's school choice, if there is a choice option, shall not be restricted due to the fact the pupil has diabetes.

5339 SCREENING FOR DYSLEXIA

In accordance with the provisions of N.J.S.A. 18A:40-5.1 et seq., the Board of Education shall ensure each student enrolled in the school district who has exhibited one or more potential indicators of dyslexia or other reading disabilities is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to the provisions of N.J.S.A. 18A:40-5.2. This screening shall be administered no later than the student's completion of the first semester of the second grade.

In the event a student who would have been enrolled in Kindergarten, grade one, or grade two during or after the 2014-2015 school year enrolls in the district in Kindergarten through grade six during or after the 2015-2016 school year and has no record of being previously screened for dyslexia or other reading disabilities, pursuant to N.J.S.A. 18A:40-5.2 et seq., the Board shall ensure the newly-enrolled student is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to N.J.S.A. 18A:40-5.1. This screening shall be administered at the same time other students enrolled in the student's grade are screened for dyslexia and other reading disabilities, or if other students enrolled in the student's grade have previously been screened, within ninety calendar days of the date the student is enrolled in the district. The screenings shall be administered by a teacher or other teaching staff member properly trained in the screening process for dyslexia and other reading disabilities.

For the purposes of this Policy, "potential indicators of dyslexia or other reading disabilities" means indicators that include, but shall not be limited to, difficulty in acquiring language skills; inability to comprehend oral or written language; difficulty in rhyming words; difficulty in naming letters, recognizing letters, matching letters to sounds, and blending sounds when speaking and reading words; difficulty recognizing and remembering sight words; consistent transposition of number sequences, letter reversals, inversions, and substitutions; and trouble in replication of content.

In accordance with the provisions of N.J.S.A. 18A:40-5.2(a), the Commissioner of Education shall distribute to each Board of Education information on screening instruments available to identify students who possess one or more potential indicators of dyslexia or other reading disabilities. The Commissioner shall provide information on the screening instruments appropriate for Kindergarten through grade two students and on screening instruments that may be suitably used for older students. The Board shall select and implement age-appropriate screening instruments for the early diagnosis of dyslexia and other reading disabilities.

In accordance with provisions of N.J.S.A. 18A:40-5.2(b), the Commissioner shall also develop and distribute to each Board of Education guidance on appropriate intervention strategies for students diagnosed with dyslexia or other reading disabilities.

In the event a student is determined, through the screening conducted in accordance with N.J.S.A. 18A:40-5.3, to possess one or more potential indicators of dyslexia or other reading disabilities pursuant to the provisions of N.J.S.A 18A:40-5.1 et seq., the Board shall ensure the student receives a comprehensive assessment for the learning disorder. In the event a diagnosis of dyslexia or other reading disability is confirmed by the comprehensive assessment, the Board shall provide appropriate evidence-based intervention strategies to the student, including intense instruction on phonemic awareness, phonics and fluency, vocabulary, and reading comprehension.

5350 PUPIL SUICIDE PREVENTION

The Board of Education recognizes that depression and self-destruction are problems of increasing severity among children and adolescents. A pupil under severe stress cannot benefit fully from the educational program and may pose a threat to himself or herself or others.

The Board directs all school personnel to be alert to the pupil who exhibits behavioral warning signs of potential self-destruction or who threatens or attempts suicide. Any such signs or the report of such signs from another pupil or staff member should be taken with the utmost seriousness and reported immediately to the Principal, who shall notify the pupil's parent(s) or legal guardian(s) and other professional staff members in accordance with administrative regulations.

A potentially suicidal pupil shall be referred to the Child Study Team for appropriate evaluation and/or recommendation for independent medical or psychiatric services. In the event that the parent(s) or legal guardian(s) objects to the recommended evaluation or indicates an unwillingness to cooperate in the best interests of the pupil, the Child Study Team may contact the New Jersey Division of Youth and Family Services to request that agency's intervention on the pupil's behalf.

In accordance with the provisions of N.J.S.A. 18A:6-111 and 18A:6-112, as part of the required professional development for teachers as outlined in N.J.A.C. 6A:9-15.1 et seq., every teaching staff member must complete at least two hours of instruction in suicide prevention, to be provided by a licensed health care professional with experience in mental health issues, in each professional development period. The instruction in suicide prevention shall include information on the relationship between the risk of suicide and incidents of harassment, intimidation, and bullying and information on reducing the risk of suicide in pupils who are members of communities identified as having members at high risk of suicide.

The Superintendent shall prepare and disseminate regulations for the guidance of staff members in recognizing the pupil who contemplates suicide, in responding to threatened or attempted suicide, and in preventing contagion when a pupil commits suicide.

5410 PROMOTION AND RETENTION

The Board of Education recognizes that each child develops and grows in a unique pattern and that pupils should be placed in the educational setting most appropriate to their social, physical, and educational needs. Each pupil enrolled in this district shall be moved forward in a continuous program of learning in harmony with his/her own development.

Standards for pupil promotion shall be related to the New Jersey Core Curriculum Content Standards and district goals and objectives and to the accomplishments of pupils. A pupil in the elementary grades will be promoted to the next succeeding grade level when he/she has completed the course requirements at the presently assigned grade; has achieved the instructional objectives set for the present grade; has demonstrated the proficiencies required for movement into the educational program of the next grade; and has demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade.

Promotion policies and procedures will be provided to parent(s) or legal guardian(s) as appropriate. Parent(s) or legal guardian(s) and pupils shall be regularly informed during the school year of the pupil's progress toward meeting promotion standards. A teacher who determines that a pupil's progress may not be sufficient to meet promotion standards shall notify the parent(s) or legal guardian(s) and the pupil and offer immediate consultation to the pupil's parent(s) or legal guardian(s). Every effort shall be made to remediate a pupil's deficiencies before retention is recommended. The parent(s) or legal guardian(s) and, where appropriate, the pupil shall be notified of the possibility of the pupil's retention at grade level in advance and, whenever feasible, no later than eight weeks prior to the end of the school year.

Classroom teachers shall recommend to the Principal the promotion or retention of each pupil. Parent(s) or legal guardian(s) and adult pupils may appeal a promotion or retention decision to the Superintendent whose decision shall be final.

5411 PROMOTION FROM EIGHTH GRADE

The Board of Education will recognize with fitting ceremonies a pupil's completion of the program of studies offered by this district in elementary school and the pupil's entrance to secondary school.

Successful completion of the program of studies in elementary school requires achievement of the instructional objectives set for each course of study, demonstration of mastery of the proficiencies established for each course, and a satisfactory attendance record. The parent(s) or legal guardian(s) of a pupil who may be prevented from graduating shall be so notified in advance and no later than six weeks prior to the close of the school year. Every effort shall be made to remediate a pupil's deficiencies before graduation is denied.

The requirements for promotion from elementary school of a disabled pupil shall be set forth in the pupil's individualized education program. Completion of those specialized requirements shall qualify the pupil for graduation and entry to secondary school.

5420 REPORTING PUPIL PROGRESS

The Board of Education believes that the cooperation between school and home in the interests of children is fostered by the systematic communication of pupils' educational welfare to parent(s) or legal guardian(s). The Board directs the establishment of a program of reporting pupil progress to parent(s) or legal guardian(s) by both written reports and by parent-teacher conferences and requires the cooperation of all appropriate teaching staff members in that program as part of their professional responsibilities.

The Superintendent shall develop, in consultation with appropriate teaching staff members, procedures for reporting pupil progress to parent(s) or legal guardian(s) that utilize various methods of reporting appropriate to grade level and curriculum content; ensure that the pupil and parent(s) or legal guardian(s) receive ample warning of a possible failing grade or any grade that would adversely affect the pupil's educational status; enable the scheduling of parent-teacher conferences at such times as will ensure the greatest degree of participation by parent(s) or legal guardian(s); and require the issuance of report cards at intervals of not less than four times per year.

Reports of individual achievement on State assessment tests shall be promptly made available to the pupil or the pupil's parent(s) or legal guardian(s).

5431 "GOOD PUPIL" STATUS

The Board of Education authorizes the release, on the request of a pupil or a pupil's parent(s) or legal guardian(s), of such information regarding a pupil's grades as may be required to secure a "good pupil" discount on the cost of automobile liability insurance.

Where the insurer has established no standard for determining the achievement level on which the discount is contingent, the Board directs that a pupil has acquired a "good pupil" status if his/her grade average is equal to or higher than the grade average of the pupil's class during the immediately preceding semester.

With the support and assistance of school staff members and parent(s) or legal guardian(s), all pupils can contribute to the effectiveness of the schools and the value of their education.

The Board expects all pupils in this school district, commensurate with their age and ability, to:

1. Documentation of efforts to furnish parent(s) or legal guardian(s), staff and pupils with educational information on school uniforms;

A. Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) or adoptive parent(s), legal guardian(s), foster parent(s), or parent surrogate(s) of a student. Where parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided such parental rights have not been terminated by a court of appropriate jurisdiction.

B. Harassment, Intimidation, and Bullying Definition

"Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;
3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or

- b. Has the effect of insulting or demeaning any student or group of students;
or
- c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

C. Student Expectations

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent must annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Students are encouraged to support other students who:

1. Walk away from acts of harassment, intimidation, and bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;

3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, and bullying to the designated school staff member.

D. Consequences and Appropriate Remedial Actions

33. Involvement of law enforcement officers, including school resource officers and juvenile officers or other appropriate legal action.

Consequences and Appropriate Remedial Actions – Adults

The district will also impose appropriate consequences and remedial actions to an adult who commits an act of harassment, intimidation, or bullying of a student. The consequences may include, but not be limited to: verbal or written reprimand, increment withholding, legal action, disciplinary action, termination, and/or bans from providing services, participating in school district-sponsored programs, or being in school buildings or on school grounds. Remedial measures may include, but not be limited to: in or out-of-school counseling, professional development programs, and work environment modifications.

Target/Victim Support

Districts should identify a range of strategies and resources that will be available to individual victims of harassment, intimidation, and bullying, and respond in a manner that provides relief to victims and does not stigmatize victims or further their sense of persecution. The type, diversity, location, and degree of support are directly related to the student's perception of safety.

Sufficient safety measures should be undertaken to ensure the victims' physical and social-emotional well-being and their ability to learn in a safe, supportive, and civil educational environment.

Examples of support for student victims of harassment, intimidation, and bullying include:

1. Teacher aides;
2. Hallway and playground monitors;
3. Partnering with a school leader;
4. Provision of an adult mentor;
5. Assignment of an adult "shadow" to help protect the student;
6. Seating changes;
7. Schedule changes;
8. School transfers;
9. Before- and after-school supervision;
10. School transportation supervision;
11. Counseling; and
12. Treatment or therapy.

E. Harassment, Intimidation, and Bullying Reporting Procedure

The Board of Education requires the Principal at each school to be responsible for receiving complaints alleging violations of this Policy. All Board members, school employees, and volunteers and contracted service providers who have contact with students are required to verbally report alleged violations of this Policy to the Principal or the Principal's designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and volunteers and contracted service providers who have contact with students, also shall submit a report in writing to the Principal within two school days of the verbal report. The Principal will inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident. Students, parents, and visitors may report an act of harassment, intimidation, or bullying anonymously. Reports may include harassment, intimidation, or bullying that occurs off school grounds. Formal action for violations of the Code of Student Conduct may not be taken solely on the basis of an anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

In accordance with the provisions of N.J.S.A. 18A:37-18, the harassment, intimidation, and bullying law does not prevent a victim from seeking redress under any other available law, either civil or criminal, nor does it create or alter any tort liability.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, and bullying from a district employee, and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

The investigation shall be completed and the written findings submitted to the Principal as soon as possible, but not later than ten school days from the date of the written report of the incident. Should information regarding the reported incident and the investigation be received after the end of the ten-day period, the school Anti-Bullying Specialist shall amend the original report of the results of the investigation to ensure there is an accurate and current record of the facts and activities concerning the reported incident.

The Principal shall proceed in accordance with the Code of Student Conduct, as appropriate, based on the investigation findings. The Board of Education shall conduct the hearing in executive session, pursuant to the Open Public Meetings Act (N.J.S.A. 10:4-1 et seq.), to protect the confidentiality of the students. At the hearing, the Board may hear testimony from and consider information provided by the school Anti-Bullying Specialist and others, as appropriate, regarding the incident, the findings from the investigation of the incident, recommendations for consequences or services, and any programs instituted to reduce such incidents, prior to rendering a determination.

At the regularly scheduled Board of Education meeting following its receipt of the Superintendent's report on the results of the investigations to the Board or following a hearing in executive session, the Board shall issue a decision, in writing, to affirm, reject, or modify the Superintendent's decision. The Board's decision may be appealed to the Commissioner of Education, in accordance with N.J.A.C. 6A:3, Controversies and Disputes, no later than ninety days after issuance of the Board of Education's decision.

A parent, student, or organization may file a complaint with the Division on Civil Rights within one hundred eighty days of the occurrence of any incident of harassment, intimidation, or bullying based on membership in a protected group as enumerated in the "Law Against Discrimination," P.L.1945, c.169 (C.10:5-1 et seq.).

The range of ways in which school staff will respond shall include an appropriate combination of counseling, support

5516 USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECRD)

The Board of Education believes pupils and/or school staff members should not be subject to having a video or audio recording taken of any pupil(s) or school staff member(s) for any purpose without the consent of the pupil, the pupil's parent or guardian, and/or the school staff member. In addition to protecting the privacy rights of pupils and school staff members, the Board recognizes such recordings can be disruptive to the educational program. In addition, inappropriate recordings of educational material, pupil assessment instruments, and/or pupil assessment reviews can be used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other pupils. Therefore, the Board of Education adopts this Policy regarding pupil use of electronic communication and recording devices.

"Electronic communication and recording device (ECRD)" includes any device with the capability to audio or video record or is capable of receiving or transmitting any type of communication between persons. An ECRD includes, but is not limited to, cameras, cellular and wireless telephones, pagers/beepers, laptop computers, electronic readers, personal digital assistants (PDAs), two-way radios, portable fax machines, video broadcasting devices, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information.

A pupil is not permitted to have turned on or use an ECRD on school grounds during the school day or when the pupil is participating in a curricular or school-sponsored co-curricular activity.

For the purposes of this policy, "school grounds" means and includes land, portions of land, structures, buildings, and structures that support these buildings, including, but not limited to, administrative buildings, kitchens, maintenance shops, and garages. "School grounds" also includes other facilities as defined in N.J.A.C. 6A:26-1.2, playgrounds, and other recreational places owned by the local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

An ECRD used in violation of this Policy will be confiscated by a school staff member or Principal or designee and the pupil will be subject to appropriate disciplinary action.

A pupil who is an active member in good standing of a volunteer fire company, first aid, ambulance or rescue squad may bring or possess a remotely activated paging device on school property only if the pupil is required to respond to an emergency and the pupil provides a statement to the Principal from the chief executive officer of the volunteer fire company, first aid, ambulance or rescue squad authorizing the possession of the device by the pupil at all times and that the pupil is required to respond to an emergency.

A verbal report shall be made to the Principal or designee as soon as possible, but no later than the end of the pupil's school day when the staff member witnesses or learns of an act or incident of dating violence at school. A written report regarding the act or incident shall be submitted to the Principal or designee by the reporting staff member no later than one day after the act or incident occurred.

School staff members are required to report all acts or incidents of dating violence at school they witness or upon receiving reliable information concerning acts or incidents of dating violence at school. Acts or incidents may include, but are not limited to: those characterized by physical, emotional, verbal, or sexual abuse; digital or electronic acts or incidents of dating violence; and/or patterns of behavior which are threatening or controlling.

The Board of Education, upon the recommendation of the Superintendent of Schools, shall adopt the guidelines and procedures outlined in Regulation 5519 for responding to acts or incidents of dating violence at school. The protocols outlined in Regulation 5519 have been established for any school staff member who witnesses or learns of an act or incident of dating violence at school and for school administrators to work with the victim and the aggressor of an act or incident of dating violence.

Dating violence statements and investigations shall be kept in files separate from pupil academic and discipline records to prevent the inadvertent disclosure of confidential information. Every act or incident of dating violence at school that is reported shall be documented in an appropriate manner. This should include statements, planning actions, and disciplinary measures as well as counseling and other support resources that are offered and prescribed to the victim or aggressor.

School administrators shall implement discipline and remedial procedures to address acts or incidents of dating violence at school consistent with the school's pupil code of conduct. The policies and procedures specific to acts or incidents of dating violence at school shall be used to address the act or incident as well as serve as remediation, intervention, education, and prevention for all individuals involved. The responses shall be tiered with consideration given to the seriousness and the number of previous occurrences of acts or incidents in which both the victim and alleged aggressor have been involved.

Consequences may include, but are not limited to: admonishment, temporary removal from the classroom, classroom or administrative detention, in-school suspension, out-of-school suspension, reports to law enforcement, and/or expulsion. Retaliation towards the victim of any act or incident of dating violence shall be considered when administering consequences to the alleged aggressor based on the severity of the act or incident.

Remediation/intervention may include, but is not limited to: parent conferences, pupil counseling (all pupils involved in the act or incident), peer support groups, corrective instruction or other relevant learning or service experiences, supportive pupil interventions (Intervention and Referral Services - I&RS), behavioral management plans, and/or alternative placements.

A pattern of behaviors may be an important sign a pupil is involved in an unhealthy or abusive dating relationship. The warning signs listed in Regulation 5519 shall educate the school community on the characteristics that a pupil in an unhealthy or abusive relationship may exhibit. Many of these warning signs make a connection to one pupil in the relationship asserting control and power over the other. Recognizing one or more signs of teen dating violence plays an important role in preventing, educating, and intervening in acts or incidents of dating violence.

The Board of Education shall make available to pupils and their families information on safe, appropriate school, family, peer, and community resources available to address dating violence.

The Board of Education shall incorporate age-appropriate dating violence education in grades seven through twelve through the health education curriculum in alignment with the New Jersey Core Curriculum Content Standards for Comprehensive Health and Physical Education. The educational program shall include, but is not limited to, a definition of dating violence, recognizing the warning signs of dating violence, and the characteristics of healthy relationships.

Upon written request to the school Principal, a parent/legal guardian of a pupil less than eighteen years of age shall be permitted, within a reasonable period of time after the request is made, to examine the dating violence education instruction materials developed by the school district.

Notice of Policy and Regulation 5519 shall appear in all district publications that set forth the comprehensive rules, procedures, and standards of conduct for pupils within the district and in any handbook.

5561 USE OF PHYSICAL RESTRAINT

The Board of Education strives to provide a safe, caring atmosphere that supports all learners in the least restrictive environment. On occasion, during an emergency, a situation may arise making it necessary to temporarily restrain a pupil. An emergency is defined as a situation in which the pupil's behavior poses a threat of imminent, serious physical harm to the pupil or others or imminent, serious property destruction.

In accordance with N.J.S.A. 18A:6-1, no person employed or engaged in school or educational instruction, whether public or private, shall inflict or cause to be inflicted corporal punishment upon a pupil attending such school or institution. However, any such person may, within the scope of his/her employment, use and apply such amounts of force as is reasonable and necessary: to quell a disturbance, threatening physical injury to others; to obtain possession of weapons or other dangerous objects upon the person or within the control of a pupil, for the purpose of self-defense; and for the protection of persons or property. Any such acts, as above, shall not be construed to constitute corporal punishment within the meaning and intent of N.J.S.A. 18A:6-1.

“Physical restraint” means holding a pupil or otherwise restricting his/her movements. Physical restraint shall include the use of specific, planned techniques and shall only be used with reasonable limitations by school staff members who shall receive training in the use of physical restraint. Classroom and security interventions should be implemented, when possible, prior to the use of any physical restraint. The use of physical restraint shall be limited to only those circumstances and situations where other interventions are not possible or have been unsuccessful.

A pupil shall be released from physical restraint immediately upon a determination by the school staff member administering the restraint that the pupil is no longer in imminent danger of causing harm to him/herself, others, or imminent property destruction. The Principal or designee will notify the parent/legal guardian in the event an emergency existed and physical restraint was used on their child. The pupil shall be examined by the school nurse after any physical restraint.

The educational program or service shall be consistent with the provisions of N.J.A.C. 6A:16-9.1 et seq., Alternative Educational Programs, and N.J.A.C. 6A:16-10.2, Home or Out-of-School Instruction for General Education Students, and N.J.A.C. 6A:14-2 et seq., Special Education, Procedural Safeguards and N.J.A.C. 6A:14-4.1 et seq., Special Education, Programs and Instruction, whichever are applicable. 5700 PUPIL RIGHTS

The Board of Education recognizes that pupils possess both the right to a free public education and the rights of citizenship. In granting pupils the educational opportunities to which they are entitled, the schools shall provide them with the nurture, counsel, and custodial care appropriate to pupils' ages and maturity. At the same time, the Board will respect the right of each pupil to equal treatment and equal access to the educational program, the due process of law, freedom of expression and association, and the privacy of his/her own thoughts.

Attendant on the rights guaranteed to each pupil are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the policies and regulations of this district.

As pupils differ in age and maturity, so they differ in the ability to assume both the rights and the concomitant responsibilities of citizenship. Accordingly, the exercise of each right will be granted with due regard for the degree of responsibility possessed by the pupil and the pupil's need for continuing guidance and control.

A pupil who has reached the age of majority and is emancipated possesses the full rights of an adult and may issue authorizations previously delegated to his/her parent(s) or legal guardian(s). The adult pupil is fully responsible for his/her educational performance, attendance, compliance with district regulations, and care of school property. The parent(s) or legal guardian(s) of each adult pupil will be informed of the rights of the pupil and will continue to be informed of the pupil's progress in school.

- C. A teacher who believes that a pupil has been academically dishonest in his/her class should resolve the matter in the following manner and in accordance with the Code of Conduct:
1. Reprimand the pupil orally and/or in writing. The teacher is also authorized to withhold credit in the work tainted by the academic dishonesty.
 2. If warranted, the teacher shall file a written complaint against the pupil with the Principal, requesting a more stringent form of discipline. The complaint must describe in detail the academic dishonesty that is alleged to have taken place, and must request that the matter be reviewed by the Principal.
 3. The Principal will determine if further discipline of the pupil is appropriate, and will determine the nature of the discipline on a case-by-case basis.
 4. If the pupil is not in agreement with the disciplinary action of the Principal, he/she may appeal the action to the Superintendent. If the pupil is dissatisfied with the Superintendent's disposition of the case, he/she may grieve the action in accordance with Policy No. 5710, Pupil Grievance.

Adopted: 30 March 2015

5710 PUPIL GRIEVANCE

The Board of Education believes that pupils are citizens who possess the right to request redress of grievances and that pupils should be encouraged to respect lawful procedures for the resolution of disputes. Accordingly, the Board will establish and observe procedures by which the grievances of pupils will be heard.

For the purposes of this policy, a pupil grievance means any complaint that arises out of the acts or policies of this Board or the acts of its employees.

A pupil grievance will be heard in the following manner:

1. A pupil should first make the grievance known to the staff member most closely involved or with a guidance counselor and both shall attempt to resolve the matter informally and directly;
2. A grievance not resolved at the first step must be reduced to a written statement in which the pupil sets forth the specific nature of the grievance, the facts that gave rise to it, the relief sought, and the reasons why that relief is appropriate;
3. The written grievance may be submitted to the Principal, the Superintendent, and the Board of Education, in that order and within a suitable period of time to be allowed at each level for the hearing of the grievance and the preparation of a response;
4. At each step beyond the first, the school authority hearing the grievance may summon the parent(s) or legal guardian(s) of a grievant who is not an adult. The grievant may summon the assistance of his/her parent(s) or legal guardian(s) at any step;
5. A pupil grievance that proceeds to the Board will be determined promptly and the Board will issue a decision in no more than ten calendar days. The pupil will be informed of the right to appeal a decision of the Board to the Commissioner of Education.

The Superintendent shall direct all staff members to respect the right of pupils to seek redress of grievances by lawful procedures without fear of reprisal.

Adopted: 30 March 2015

5721 INDEPENDENT PUBLICATIONS

The Board of Education respects the right of pupils to express themselves in written word or picture, or video image or computer generated illustrations, and to distribute printed materials as part of that expression; at the same time, the Board recognizes that the exercise of that right is limited by the rights of other members of the school community.

For the purposes of this policy, “printed materials” include any written or printed cards, letters, circulars, books, pamphlets, notices, newspapers, and similar materials but do not include any publication that is sponsored by this Board.

Certain printed materials are not protected by a pupil’s right of free expression because they violate the rights of others. The Board may identify and prohibit the distribution on school premises of printed materials that are grossly prejudicial to an ethnic, national, religious, or racial group or to either gender; libel any person or persons; seek to establish the supremacy of a particular religious denomination, sect, or point of view over any other; advocate the use or advertise the availability of any substance or material that constitutes a direct and substantial danger to the health of pupils; contain obscenity or material otherwise deemed to be harmful to impressionable pupils; incite violence, advocate the use of force, or urge the violation of law or school regulations; advertise goods or services for the benefit of profit-making organizations; fail to identify the pupil responsible for distribution and the agent responsible for reproduction; solicit funds for nonschool organizations when such solicitations have not been approved by the Board; or promote, favor, or oppose any candidate for election to the Board or the adoption of any bond issue, proposal, or questions submitted at any election.

No printed materials may be distributed on school premises that have not been submitted to the Principal or designee for review in advance of their distribution. Where the Principal or designee cannot show, within two school days, why the materials are unprotected, or where unprotected material is so modified as to be no longer unprotected, the printed material may be distributed. Appeal from the determination of the Principal or designee may be made in accordance with Board policy on pupil grievance.

The Board requires that the distribution of printed material take place only at the places and during the times established by rule in order not to disrupt the orderly operation of the educational program.

5750 EQUAL EDUCATIONAL OPPORTUNITY

The Board of Education directs that all pupils enrolled in the schools of this district shall be afforded equal educational opportunities in strict accordance with law. No pupil shall be denied access to or benefit from any educational program or activity or from a co-curricular or athletic activity on the basis of the pupil's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability. The Board shall assure that all pupils are free from harassment, sexual or otherwise.

The Board directs the Superintendent to allocate faculty, administrators, support staff members, curriculum materials, and instructional equipment supplies among and between the schools and classes of this district in a manner that ensures equivalency of educational opportunity throughout this district. The school district's curricula in the following areas will eliminate discrimination, promote mutual acceptance and respect among pupils, and enable pupils to interact effectively with others, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability:

1. School climate/learning environment;
2. Courses of study, including Physical Education;
3. Instructional materials and strategies;
4. Library materials;
5. Software and audio-visual materials;
6. Guidance and counseling;
7. Extra-curricular programs and activities;
8. Testing and other assessments.

The school district's curricula will include Multi-cultural Education content and practices, instruction on African-American History in the teaching of U.S. History and instruction on the Holocaust and Genocide.

Affirmative action shall be taken to ensure that pupils are protected from the effects of discrimination, in accordance with Policy No. 2260. Pupils who experience less than equal educational opportunities or experience discrimination shall use the procedure established by Regulation No. 5750 to report and appeal any harassment or discriminatory practice.

The conduct of teaching staff members shall exemplify the highest principles of equality and democracy. Conduct and attitudes that display discrimination are contrary to the policies of this Board and, further, are destructive to the self esteem that this Board wishes to encourage in all pupils. A teaching staff member's act of derision or enmity, in any form, against a person or persons on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability shall be considered to be conduct unbecoming to a professional staff member of this district and shall be subject to appropriate discipline.

The Superintendent shall develop and promulgate a procedure by which a pupil or parent may appeal Board policy, district practice, or the act or omission of any district employee that allegedly violates this policy.

5751 SEXUAL HARASSMENT

The Board of Education will not tolerate sexual harassment of pupils by school employees, other pupils, or third parties. Sexual harassment of pupils is a form of prohibited sex discrimination. School district staff will investigate and resolve allegations of sexual harassment of pupils engaged in by school employees, other pupils (peers), or third parties.

The Board shall establish a grievance procedure through which school district staff and/or pupils can report alleged sexual discrimination, including sexual harassment which may include quid pro quo harassment and hostile environment.

Definitions:

1. Quid pro quo harassment occurs when a school employee explicitly or implicitly conditions a pupil's participation in an educational program or activity or bases an educational decision on the pupil's submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the pupil resists and suffers the threatened harm or submits and thus avoids the threatened harm.
2. Hostile environment sexual harassment is sexually harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another pupil, or by a third party that is sufficiently severe, persistent, or pervasive to limit a pupil's ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment.

This Policy protects any "person" from sex discrimination; accordingly both male and female pupils are protected from sexual harassment engaged in by school district employees, other pupils, or third parties. Sexual harassment, regardless of the gender of the harasser, even if the harasser and the pupil being harassed are members of the same gender is prohibited. Harassing conduct of a sexual nature directed toward any pupil, regardless of the pupil's sexual orientation, may create a sexually hostile environment and therefore constitute sexual harassment. Nonsexual touching or other nonsexual conduct does not constitute sexual harassment.

The regulation and grievance procedure shall provide a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.

The Superintendent, or designee, will take steps to avoid any further sexual harassment and to prevent any retaliation against the pupil who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The school district staff can learn of sexual harassment through notice and any other means such as from a witness to an incident, an anonymous letter or telephone call.

This policy and regulation on sexual harassment of pupils shall be published and distributed to pupils and employees to ensure all pupils and employees understand the nature of sexual harassment and that the Board will not tolerate it. The Board shall provide training for all staff and age-appropriate classroom information for pupils to ensure the staff and the pupils understand what type of conduct can cause sexual harassment and that the staff know the school district policy and regulation on how to respond.

In cases of alleged harassment, the protections of the First Amendment must be considered if issues of speech or expression are involved. Free speech rights apply in the classroom and in all other programs in the public schools. The Superintendent, or designee, will formulate, interpret, and apply the policy so as to protect free speech rights of staff, pupils and third parties.

In addition, if the Board accepts Federal funds, the Board shall be bound by Title IX of the Education Amendments of 1972 prohibiting sexual harassment of pupils. Title IX applies to all public school districts that receive Federal funds and protects pupils in connection with all the academic, educational, extra-curricular, athletic, and other programs of the school district, whether they take place in the school facilities, on the school bus, at a class or training program sponsored by the school in a school building or at another location.

5752 MARITAL STATUS AND PREGNANCY

The Board of Education will not discriminate among pupils on the basis of their marital status or parenthood. No pupil, male or female, who is married or a parent shall be denied access to or benefit from any educational, co-curricular, or athletic program or activity on the basis of his/her marital status or parenthood.

A pregnant pupil shall not be excluded from any educational program or activity because of her pregnancy or pregnancy-related condition unless the pupil so requests or a physician certifies that her exclusion is necessary for the pupil's physical, mental, or emotional well-being. An excluded pregnant pupil will be provided with adequate and timely opportunity for instruction to continue or make up her schoolwork without prejudice or penalty. Pregnant pupils will be provided a special instructional program in accordance with Policy No. 2416.

5755 EQUITY IN EDUCATIONAL PROGRAMS AND SERVICES

Equity In Pupil Access

It is the policy of the Board of Education to ensure equal and bias-free access to all school facilities, courses, programs, activities, and services, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability.

The school district administration will ensure: that all pupils will have equal and barrier-free access to all school and classroom facilities, that minority and female pupils are not under-represented in gifted and talented or accelerated/advanced courses and that minority and male pupils are not over-represented in detentions, suspensions, expulsions, dropouts, or special needs classifications. Support services will be available to all pupils and that all limited English-proficient pupils and pupils with disabilities will have equal and bias-free access to all school programs and activities. The school district will ensure equal and bias-free access for all pupils to computers, computer classes, vocational education classes, and technologically-advanced instructional assistance, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability.

The Board of Education will refrain from locating new facilities in areas that will contribute to imbalanced, isolated, or racially identifiable school enrollments. The school district administration will assign pupils to ensure that the racial/national origin composition of each school's enrollment reflects the composition of the district-wide enrollment and so that school and classroom enrollments are not identifiable on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability.

Pupils will not be separated or isolated by race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability within schools, courses, classes, programs, or extracurricular activities. Bias-free multiple measures for determining the special needs of language-minority pupils and pupils with disabilities will be utilized. Pregnant pupils will be permitted to remain in the regular school program and activities and if not permitted to attend school by her doctor, the pupil will be provided equivalent instruction.

Equity in Guidance Programs and Services

The school district will ensure the guidance program provides access to adequate and appropriate counseling services for minority pupils, limited English-proficient pupils, non-college bound pupils, and pupils with disabilities. A full range of possible career, professional, and/or vocational choices will be presented to all pupils.

Equity in Physical Education Training

All school district physical education programs will be co-educational, with the exception of wrestling practice and a minimum of 75% of the electives are chosen by at least 30% of enrolled male and female pupils, when the physical education programs are elective.

Equity in Athletic Programs

The school district's athletic program will provide equitable opportunities for female and male pupils to participate in athletics and equitable support for cheerleading programs and comparable facilities for male and female teams. The athletic program will have relatively equal numbers of varsity and sub-varsity teams for male and female teams and equitable scheduling of night games, practice times, and numbers of games for male and female teams.

Appeal Procedure

Any pupil or their parent(s) or legal guardian(s) may appeal school practices involving equity through the procedure established in Regulation No. 5750.

5756 TRANSGENDER STUDENTS

The Board of Education strives to provide a safe and supportive environment for all students. In furthering this goal, the Board adopts this Policy to address the needs of transgender and gender nonconforming students enrolled in the school district.

For the purposes of this Policy:

1. “Gender expression” refers to the way a student represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice, or mannerisms.
2. “Gender identity” means a student's deeply held sense or psychological knowledge of their own gender, regardless of the gender they were assigned at birth.
3. “Gender identity or expression” also means having or being perceived as having a gender-related identity or expression whether or not stereotypically associated with a person’s assigned sex at birth.
4. “Gender nonconforming” describes a student whose gender expression differs from stereotypical expectations, such as "feminine" boys, "masculine" girls, and those who are perceived as androgynous.
5. “Transgender” describes students whose gender identity is different from their gender assigned at birth.

Gender-related identity may be provided to the school district by a parent of a student or by an adult student with evidence including, but not limited to, medical history, care or treatment of the gender-related identity, consistent and uniform assertion of the gender-related identity, or any other evidence that the gender-related identity is sincerely held as part of the student's core identity.

The Board of Education believes the responsibility for determining a student's gender-related identity rests with the student, or in the case of young students not yet able to advocate for themselves, with the parent. Therefore, the Board will accept a student's assertion of his or her gender identity when there is consistent and uniform assertion of the gender-related identity, or any other evidence that the gender-related identity is sincerely held as a part of the student’s core identity. The Board authorizes the Superintendent or designee to question a student's asserted gender identity when there is a credible basis for believing the student's gender-related identity is being asserted for some improper purpose. Confirmation of a student's asserted gender must include a letter from a parent or the adult student to the Superintendent of Schools indicating the student is gender non-conforming.

The Board recognizes school-related issues regarding transgender students will vary on a case-by-case basis. Therefore, the Superintendent of Schools or designee will meet with the parent and student to discuss school-related issues such as the name and pronoun to be used by district staff in referring to the student, the gender identification to be used on the student's records, district staff members that should be informed of the student's access and use of restrooms, locker rooms, changing facilities, physical education classes, and other gender issues affecting the transgender student and his/her attendance at school. The school district will take reasonable measures to accommodate the needs of transgender students.

5770 PUPIL RIGHT OF PRIVACY

School lockers remain the property of the district even when used by pupils. Lockers are subject to administrative search in the interests of school safety, sanitation, discipline, enforcement of school regulations and to search by law enforcement officials on presentation of a proper warrant. Pupils and their parent(s) or legal guardian(s) shall be informed of this policy when lockers are assigned.

A pupil's person and possessions may be searched by a school official provided that the official has reasonable grounds to suspect that the search will turn up evidence that the pupil has violated or is violating either the law or the rules of the school. Under no circumstances shall a search be conducted based solely upon an anonymous tip and/or a rumor that contraband is present. The extent or scope of the search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the pupil and the nature of the infraction. A physical search may only be conducted by a staff member of the same sex as the pupil. Before instituting such a search, except in cases of emergency, the Principal shall try to inform the parent(s) or legal guardian(s) and request their presence.

School personnel shall not conduct strip searches or body cavity searches of any pupils under any circumstances.

Searches for Controlled Dangerous Substances/Drug Paraphernalia/Alcohol/Firearms/Other Deadly Weapons

Searches conducted by staff when there is suspicion that laws and policies on safe and drug free schools are being violated shall be based on the reasonable grounds required by this policy. When law enforcement officials conduct the search, the more stringent grounds required by law must be applied.

5820 STUDENT GOVERNMENT

The Board of Education recognizes the importance of offering pupils the opportunity to participate in representative self-government and to develop leadership skills. Pupils shall have the right to organize, conduct meetings, elect officers and representatives, and petition the Board of Education.

The Board recognizes the Student Council as the official voice of the student body for pupils in grades nine through twelve, provided the constitution and bylaws of that organization have been duly approved by the pupils it represents and by the Board and provided that all pupils have equal access to their student government and an equal opportunity to vote and hold office.

The Board shall appoint a qualified teaching staff member to serve as advisor to student government activities.

The Board directs that decisions made and actions duly taken by the official student government, in accordance with and within the scope of its constitution and bylaws, may not be voided or vetoed by any staff member.

5830 PUPIL FUND RAISING

The Board of Education will limit the solicitation of funds by and from the pupils of this district in order to protect pupils from unnecessary pressures and the instructional program from disruption.

“Pupil fund raising” means the solicitation and collection of money by pupils, on or off school premises, for any purpose associated directly or indirectly with the school district or under circumstances in which the solicitors are identified as pupils of this district.

Pupils may solicit and collect money on behalf of approved school organizations, provided the fund raising has been approved by the Board.

No fund raising activity involving door to door solicitation shall be permitted.

Out-of-school solicitation of money for school organizations must be approved by the Board.

Pupils may solicit and collect money on behalf of nonschool organizations, provided the fund raising has been approved by the Board.

Out-of-school solicitation of money for nonschool organizations must be approved by the Board.

No pupil will be permitted to solicit and collect money on school premises or at a school-sponsored event for the pupil’s own benefit.

The Superintendent shall develop regulations regarding pupil fund raising that establish times and places in which pupil fund raising may be conducted and ensure adequate accounting of funds collected. The Principal shall distribute this policy and the Superintendent’s regulations to each recognized pupil organization.

Adopted: 30 March 2015

5841 SECRET SOCIETIES

The Board of Education affirms the legislative prohibition of pupil organizations with closed membership practices as hostile to the democratic ideals of public education.

No social organization of pupils will be granted the use of school facilities or permitted the use of the name of the school or this school district unless that organization has first been approved by the Principal. The application for such approval will set forth the purposes, constitution, and bylaws of the organization; its membership qualifications; and the process by which a person becomes a member.

No organization will be approved if its purposes conflict with the authority and goals of this Board or the best interests of the pupils of this district; if membership is drawn from outside the currently enrolled student body; if membership qualifications are based on considerations of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, disability or political beliefs, or any other consideration not appropriate to the purpose of the organization; or if any qualifying pupil who applies may be denied membership.

Nothing in this policy shall prevent or otherwise deny participation in constitutionally protected prayer consistent with protections of the First Amendment of the United States Constitution.

A pupil who seeks to form or is a member of a fraternity, sorority, or other secret organization formed in whole or in part of pupils enrolled in this district may be disciplined by this Board. The Board reserves the right to require that any pupil attest as to his/her membership in a secret organization.

5842 EQUAL ACCESS OF PUPIL ORGANIZATIONS

The Board of Education will permit the use of school facilities by pupil-initiated organizations for non-curricular pupil activities. A pupil-initiated organization, regardless of the size of the group, will not be denied an opportunity to meet and use school facilities on the basis of the religious, political, philosophical, or other content of the speech at their meeting.

An application for permission to meet on school premises shall be made to the Principal, who shall grant permission provided that he/she determines that:

1. The activity has been initiated by pupils;
2. Attendance at the meeting is voluntary;
3. No agent or employee of the district will promote, lead, or participate in the meeting;
4. The meeting is for a lawful purpose;
5. The meeting does not materially and substantially interfere with the orderly conduct of instructional activities in the school;
6. Nonschool persons do not direct, conduct, control, or regularly attend the activity; and
7. The activity is adequately supervised by appropriately certified school district staff.

A pupil-initiated group granted permission to meet on school premises shall be subject to the same rules and regulations that govern the meetings of pupil organizations sponsored by this Board, except as provided by this policy. Participation in a pupil-initiated meeting must be available to all pupils who wish to attend and cannot be denied on the basis of a pupil's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability. The Board will not permit the organization of a fraternity, sorority, or secret society. A pupil-initiated meeting may be attended by no more than one outside resource person.

Access to school facilities by pupil organizations will be provided within the governing principles of the First Amendment of the Constitution of the United States.

An appropriately certified staff member shall be assigned to attend a pupil-initiated meeting in a custodial capacity and shall not participate in the activity while serving in this custodial capacity. No teaching staff member shall be compelled to attend a pupil-initiated meeting if the content of the speech at the meeting is contrary to his/her beliefs.

The Principal may take such actions as may be necessary to maintain order and discipline on school premises and to protect the safety and well-being of pupils and staff members.

5843 EXTENDED DAY PROGRAM

The Board of Education recognizes the needs of children who lack adult supervision outside the school day and may establish and implement an Extended Day Program for the care of children.

There is no cost for this program.

The Board will not transport pupils to or from school to enable their participation in the Extended Day Program. Transportation must be furnished by the parent(s) or legal guardian(s), or a responsible person appointed by the parent(s) or legal guardian(s). The Board may remove from the program a pupil whose parent(s) or legal guardian(s) persistently disregards his/her responsibility to pick the child up promptly.

Pupils who participate in the Extended Day Program are subject to the rules and regulations of this district and may be disciplined for infractions of those rules. A pupil's chronic misbehavior may result in the pupil's removal from the program.

Adopted: 30 March 2015

5850 SOCIAL EVENTS AND CLASS TRIPS

The Board of Education recognizes the value of social events and class trips that will enhance and enrich the school experience for the pupils of this district.

For purposes of this policy, a "social event" is a party, celebration, or dance organized for the participation of pupils, and "class trips" are trips taken by pupils in a single graduating class, pupils who share a particular interest in an activity, or pupils who are enrolled in a particular subject area. Social events and class trips are not related or are only indirectly related to the curriculum.

The Board will make school facilities available and assign staff members as appropriate for the conduct of social events on school premises that have been approved by the Principal and for social events and class trips away from school premises that have been approved by the Board. A social event or class trip may be considered to have been approved by this Board only when the Board has duly assigned one or more chaperones to supervise participating pupils. The Board will assume no responsibility for a pupil social event or trip that has not been approved in accordance with this policy.

The Board will not approve a social event or class trip that has the effect of reducing the school year for participating pupils to fewer than one hundred eighty days.

The Board reserves the right to cancel any scheduled trip.

Social events or class trips are not part of the thorough and efficient system of education provided by the Board. Participation in them is therefore not a right and may be denied to any pupil without the due process of notice and an opportunity to be heard. A pupil who demonstrates disregard for school rules may summarily be denied participation in social events and class trips.

Pupils who participate in approved social events and class trips are subject to district rules for pupil conduct and must submit to the authority of assigned chaperones. Infractions of the rules will be subject to discipline in the same manner as are infractions of rules during the regular school program.

A pupil who possesses or consumes alcohol or drugs in the course of an approved social event or class trip will be deemed to have placed all other participating pupils at risk and shall be immediately dismissed from the event or trip. Any such pupil will be returned home by appropriate and safe means of transportation in the company of a chaperone, the pupil's parent(s) or legal guardian(s), or a representative of the pupil's parent(s) or legal guardian(s). Any expenses incurred by the dismissal will be the responsibility of the pupil and/or the pupil's parent(s) or legal guardian(s).

5880 PUBLIC PERFORMANCES BY PUPILS

The Board of Education recognizes the value to pupils and to the community of the demonstration of pupil talents and skills in performances of pupil organizations in public events. The Board endorses such performances when they contribute to the instructional program, do not interfere with scheduled school activities, and do not exploit or endanger participating pupils.

Public performances of pupil organizations must be approved in advance by the Principal. The members of a pupil organization invited to perform shall be polled for their willingness to perform. No pupil may be compelled to participate in an elective public performance or penalized for his/her failure to participate. Approval for a public performance will not be granted unless the staff advisor determines that the number of pupils who agree to participate is sufficient to represent the school fairly.

When public performances are scheduled as a regular part of a course of study taken for credit, pupils shall be informed in advance of their obligation to participate; they will be excused from participation only in accordance with Board policy on pupil attendance.

No pupil, pupil organization, or employee of this Board shall receive compensation for the performance in public of pupils organized for a school activity.
