BUILDING SCHOOLS.
WORKING WITH THE SDA.

Presented in Partnership with the City of Camden
New Jersey

Friday, June 30, 2017

Presented by:
Charles McKenna, Chief Executive Officer
Karon Simmonds, Director-Risk Management & Vendor Services
Marty Taylor, Senior Procurement Analyst
Kelleeya Singleton, SMWBE Program Coordinator
An Overview of the SDA
Who We Serve

- **Mission Statement**: Our mission is to deliver high-quality educational facilities that best meet the needs of the students of the State of New Jersey. While providing efficiently designed facilities that enhance the academic environment, we promote fiscal responsibility in the management of taxpayers’ resources.

- **Vision Statement**: The NJSDA will be a resource and guide for consistency in sound school design and construction practices for districts across New Jersey, transparent in our efforts as a staunch steward of taxpayer funds.
SDA Funded Projects

- There are three types of projects the SDA funds.
  - **Capital Projects** – These are new schools, major renovation and rehabilitation projects in the SDA Districts.
  - **Emergent Projects** – Projects approved to address potential health and safety issues in SDA Districts.
  - **ROD Grants** – Grant funding is provided for projects in ROD districts that address health and safety issues and other critical needs. The grants are contingent on local approval of the remaining district share.
SDA Project Portfolio

The SDA’s current portfolio of active project is valued at more than $2 billion – including the Capital Project Portfolio, emergent projects and Regular Operating District grants.
Things to Know about SDA Projects

• All SDA projects pay prevailing wage

• The Project Labor Agreement (PLA) is in effect on SDA-managed projects with a construction cost estimate of $5 million and above.
  - Local Labor Union Halls – Camden County & Adjacent Counties
    - United Association (UA) Plumbers, Pipe Lifters & Service Technician Local 322, Camden County
    - Iron Workers Local 399, Gloucester County
    - International Brotherhood of Electrical Workers (IBEW) Local 351, Atlantic County
    - Carpenters Local 255, Atlantic County

• School facility projects managed by the Regular Operating Districts are not under the PLA unless determined by those districts.

• All subcontractors, at every tier, on PLA-designated projects, performing PLA regulated work are contractually bound by the PLA.
Capital Project Example: TCHS

- The new Trenton Central High School will be a 350,000 square-foot school designed to educate 1,850 students in grades 10 through 12. The new Trenton Central High School will replace the existing structure. Recognizing the importance to the community of certain physical, iconic features of the existing structure, the SDA required inclusion of those elements in the new facility.

- The project has completed an early site package (asbestos abatement, demolition, site work) to ready the site and has been advanced through a design-build approach (design, construction, engineering, electrical, HVAC, mechanical, landscaping, etc.).

- Currently the design service phase is ongoing and footings, foundations, structural steel, masonry and under slab utility work is ongoing.
How to Get Involved with SDA Projects
Prequalification Overview
Opens the door:
1. Prequalification
2. Subcontractor Approval Process
3. Insurance Requirements
4. Contractor/Workforce Compliance
The NJSDA is required to maintain a Contractor and Consultant prequalification system

- Contractor – construction
  - Electrical
  - Plumbing
  - HVACR
  - Structural steel
  - General Contractors

- Consultant – professional services
  - Architects
  - Engineers
  - Material Testing Laboratories
  - Construction Management
Who Needs to be Prequalified?

- Prime bidders submitting response to SDA requests for proposals (RFPs)
- Required subs listed in the bid advertisement
- All subs, of any tier, in the following DPMC disciplines, whose contract is equal to or greater than $500,000

- P001 Architecture
- P002 Electrical Engineering
- P003 HVACR Engineering
- P004 Plumbing Engineering
- P005 Civil Engineering
- P007 Structural Engineering
- P011 Environmental Engineering
- P015 Land Surveying
- P051 Materials Testing Laboratories (P066 – P103)
- P029 Construction Management
- P038 Asbestos Safety Control Monitoring

- C006 CM as Constructor
- C007 Design Build
- C008 General Contractor
- C009 GC/Alterations & Additions
- C019 Concrete/Foundation/Footings/Masonry
- C021 Demolition
- C029 Structural Steel
- C030 Plumbing
- C032 HVACR
- C045 Sprinkler Systems
- C047 Electrical
- C066 Roofing-Membrane EPDM
- C067 Roofing-Membrane PVC/CPE/CSPE
- C068 Roofing-Membrane Modified Bitumen
- C069 Roofing-Urethane
- C070 Roofing-Built Up
- C071 Roofing-Metal
- C072 Roofing-Tile/Slate/Shingles
- C092 Asbestos Removal/Treatment
- C093 Asbestos Removal/Mechanical
- C096 Lead Paint Abatement
Prequalification Process

- **DPMC Notice ($100 Fee)**
  - Assigns Trades/Disciplines, an aggregate or $ rating and effective and expiration dates

- **SDA Prequalification Questionnaire (No Fee)**
  - Reviewed for completeness

- **Moral Integrity Review >> by New Jersey State Police**
  - Background check that verifies the accuracy of the information provided by each applicant, including ownership and investigations pending.

- **Issue SDA Prequalification Letter**
  - Same Trades/Disciplines, aggregate rating and expiration date as DPMC.
  - Effective date is the date SDA issues the prequalification letter.

- Firm is listed in Vendor Directory on SDA’s Website

DESIGN CONSULTANTS

The New Jersey Schools Development Authority (SDA) solicits proposals from Design Consultants to furnish architectural, engineering and other related consulting services for specific project assignments for various school projects throughout the State of New Jersey.

Design consultant projects use a traditional Request for Qualifications/Request for Proposal (RFQ/RFP) process whereby any pre-qualified firm meeting the criteria as listed in the advertisement is eligible to submit a proposal.

All proposals will be independently reviewed and scored by a selection committee, then ranked, negotiated and awarded to the design consultant having the best qualifications for the project.

Firms wishing to participate must have an active SDA prequalification as of the date when proposals are due. For information on becoming pre-qualified, please visit the pre-qualification page.

Bidding with the NJSDA…

- Bidders are evaluated by the NJSDA to determine their capacity to bid. The **SDA’s Project Rating Proposal Form** is based upon the bidder’s (1) previous projects (references), (2) safety information, and (3) prevailing wage information.

This information determines a potential bidder’s maximum bid amount (**Project Rating Limit**).

The SDA contacts the references you list and obtains specific information pertaining to your work on the project. Sometimes comments by references **DO NOT** work in favor of the bidder…

**Remember your goal is to build strong & valuable relationships**

Workforce Participation

- **UTILIZATION** - (State Law) requires participation per (sub)contractor/per trade to make a good-faith effort to ensure Equal Employment Opportunities to female and minority workers.

- **GOAL** - ensure that 6.9% of female workers and 4-60% of minority workers are employed in construction. Camden County has a **19%** minority workers and 6.9% female workers goal.

- **RESULTS** – because of State Law mandated goals, opportunities for employment in school construction has improved for females and minorities.
SDA Resources
SDA Commitment to Small Businesses

SMWBE Contractor Training Program

• The SMWBE Contractor Training Program enables small, minority and women-owned businesses to gain valuable knowledge on how to do business with the SDA and the state of New Jersey. Participants receive instruction from SDA staff and subject matter experts on bidding, estimating, scheduling, budgeting, accounting, bonding and marketing. The program concentrates on helping small businesses initiate, fortify and advance a set of core skills that are crucial to operating a successful and profitable business.

• 7 SBE firms from Camden County have successfully completed the SDA’s SMWBE Contractor Training Program between 2013 and 2016.

• For more information on the program, please contact Kelleeya Singleton at (609) 858-2905.
